Message from the Chair

Where does the time go?

I planned to welcome all of our new members with personal letters and Section pins. Unfortunately I never received notification of any new members. There may be a problem with the new MLA member management system and I just didn’t receive the information. If you are a new member to the Cancer Librarians Section and will be at the MLA Annual Meeting in Washington, DC, come “Get Pinned”. Our Section logo incorporates ‘Cancer the Crab’ from the zodiac. “Think Greek!” Come to the Section’s Business Meeting on Monday May 24, 2010 at 4:00 p.m. or to the Section Shuffle on Tuesday, May 25, 2010, at 5:00 p.m. In many ways we are just as connected to each other as any sorority or fraternity, with more things in common and a greater sharing of resources. Look for me at the Business Meeting and Section Shuffle. I have a ‘pin’ for you as a new Section Member!

Take note of the minutes from last year’s business meeting on pages 12-13. Several projects we were not able to complete this year need Chairs and other volunteers. These include:

- Committee to develop guidelines for the Ann Hutchinson Award – award for service to the section – need Chair and 1 or 2 members.
- Dues reduction for librarians at NCI Designated libraries rejoining or becoming new members for one year. Margaret Vugrin brought up the possibility of offering a reduction of dues as an enticement to librarians at NCI Designated libraries. I brought this to the membership at the 2009 meeting and it was greeted with support by our membership. While MLA is in support of this, Ray Naegele reminded me to follow our by-laws on voting for dues. After reviewing the bylaws it is required that dues be voted on by the membership at the Annual Business Meeting. This will be an issue to vote on at the 2010 Business Meeting.
- Committee to contact all NCI-Designated libraries to encourage their membership in the Cancer Librarians – need Chair and 1 or 2 members. This project was put on hold due to the dues question that will be addressed at the Business Meeting in Washington DC.
- Fundraising committee – Chair – Julia Esparza – I would like to train some other people to participate in this process so we could possibly expand. Please let me know!
- Membership Survey on what members would like as benefits - Chair and 1 or 2 members
- Recommended Websites – Individuals to assist in this ongoing project – Frank Davis has been Chair of this committee for several years. Barbara Pilvin has volunteered to take over this task. Hopefully she will be calling on new people to assist with new topics and those who are maintaining them to keep up the good work.
- Several individuals to work on updating the Core Cancer Library Resource List. Frank Davis is not going to rest. Frank will head up the Core Cancer Library Resource list. As budgets are being cut identifying a core list of resources will greatly benefit hospitals, small libraries and other institutions.

We did gain support of the New England Journal of Medicine and Nature Publishing Group for the refreshments of our 2010 Annual Business Meeting. This is NEJM’s third year in supporting CLS. Also the manual of the CLS fundraising procedures was adapted by the PH/HA section and was also shared with the Section Council for other sections to benefit from the forms.

I look forward to seeing all of you at our Sponsored Programs, Business Meeting, and the Section Shuffle. This year’s theme is ‘Reflect & Connect’. I have reflected. Now I look forward to seeing you so we can get connected!

Julie Esparza, MLS, AHIP

Cancer Librarians Section Newsletter - 1
Spring/Summer 2010
Providing Quality Complementary and Alternative Medicine Information to Cancer Patients

This Cancer Librarians Section program at MLA2010, co-organized with CAM-SIG, and co-sponsored by CAPHIS, will be held on Monday May 24 from 2:30-4:00pm in the Cabinet Room, concourse level, at the Hilton Washington.

I hope you will be able to join us as we learn about the provision of information about complementary and alternative therapy to cancer patients from our speakers, who offer different perspectives on CAM. Please see below for program details.

Christine Marton
CLS Program Chair/Chair Elect
cfmarton@gmail.com

Title: Providing Quality Complementary and Alternative Medicine Information to Cancer Patients: The National Cancer Institute
Jeffrey D. White, M.D.
Director, Office of Cancer Complementary and Alternative Medicine, National Cancer Institute, NIH

Title: A Patient Advocate Perspective – Speaking with the Patient Voice
By Ann E. Fonfa, President, The Annie Appleseed Project

Title: “Providing Quality Complementary and Alternative Medicine Information to Cancer Patients”: The Council for Responsible Nutrition
Douglas ‘Duffy’ MacKay, ND
VP, Scientific and Regulatory Affairs
Council for Responsible Nutrition

Title: Evaluating the Reliability of Information on Complementary and Alternative Medicine for Cancer Patients
Christine F. Marton, Sessional Instructor, Faculty of Information, University of Toronto, Toronto, ON, Canada
Cancer Librarians Section Business Meeting
Time: Monday, May 24, 2010, 4:00 PM - 5:00 PM
Location: 2A, Second Floor

For a snack we will have delicious Garden Fresh Vegetables with Creamy Ranch and French Onion Dipping Sauces, Cheddar, Swiss, Munster & Provolone Cheeses, French Bread & Gourmet Crackers, Fresh Whole Fruit and Apple, Cranberry and Orange Juice for Drinks.

Section Shuffle
Time: Tuesday, May 25, 2010, 5:00 PM - 6:00 PM
Location: Georgetown, Concourse Level

Come join Julia Esparza, Christine Marton and other Cancer Librarians at the Section Shuffle. Bring a friend who might be interested in signing up!!!

Cancer Librarians Section Programs

Providing Quality Complementary and Alternative Medicine Information to Cancer Patients
Time: Monday, May 24, 2010, 2:30 PM - 4:00 PM
Location: Cabinet, Concourse Level
Primary Sponsor: Cancer Librarians Section
Cosponsors: Consumer and Patient Health Information Section and Complementary and Alternative Medicine SIG

Presentations

Title: Providing Quality Complementary and Alternative Medicine Information to Cancer Patients
Jeffrey D. White, M.D., Director, Office of Cancer Complementary and Alternative Medicine, National Cancer Institute, NIH

Abstract:
Cancer patients and other people interested in cancer prevention or treatment often search for, or incidentally encounter, information about “unconventional” or “alternative” cancer therapies or complementary therapies that might offer palliation of symptoms or improvement of quality of life. Such information derives from a variety of sources and is developed for various purposes. The National Cancer Institute’s Physician Data Query (PDQ) is a group of several online information products which address a series of topics, including Complementary and Alternative Medicine (CAM). The PDQ contains separate lines of products developed for healthcare practitioners and patients. The PDQ’s CAM Editorial Board develops, reviews and updates these summaries. NCI’s Office of Cancer Complementary and Alternative Medicine (OCCAM) has a Communications and Outreach Program which maintains a website with a Health Information section which directs viewers to the PDQ summaries as well as other resources developed by government entities and sites maintained by NCI-grantees such as NCI-designated cancer centers.

Title: Providing Quality Complementary and Alternative Medicine Information to Cancer Patients
Presentation Time: Monday, May 24, 2010, 2:30 PM - 3:05 PM
Douglas MacKay, Vice President, Scientific and Regulatory Affairs, Council for Responsible Nutrition, Washington, DC
**Description:** Nearly half of Americans will get cancer during their lifetime, and many of these individuals will seek some form of complementary and alternative medicine (CAM) to supplement conventional medical therapies. Many of these practices— including traditional Chinese medicine, naturopathic medicine, and others—often include the recommendation for dietary supplements by their respective licensed practitioners. However, patients who are not under the care of CAM practitioners often are curious about the benefits of dietary supplements and seek information about these products on their own. The Council for Responsible Nutrition (CRN), a Washington, DC-based trade association representing the dietary supplement industry, consistently advocates for the responsible use of supplements as part of a healthy lifestyle. While it is not lawful or appropriate for companies to market dietary supplements as “treating, curing, or preventing” any disease— including cancer—science suggests dietary supplements support overall health and vitality, which plays an important role for cancer patients and survivors. Douglas MacKay, vice president of scientific and regulatory affairs for CRN, will discuss how his organization disseminates evidence-based information about dietary supplements to the public. In addition, MacKay will discuss a CRN self-regulatory initiative, developed to increase consumer confidence in the truth and accuracy of advertising claims. This program is designed to challenge potentially false and misleading advertising claims, including false cancer-curing claims.

**Title:** A Patient Advocate Perspective: Speaking with the Patient Voice  
**Presentation Time:** Monday, May 24, 2010, 3:05 PM - 3:40 PM  
**Ann Fonfa,** President, Annie Appleseed Project, DelRay Beach, FL

**Description:** Ann Fonfa became interested in natural approaches to cancer treatment after her breast cancer diagnosis in 1993. By 1999, she established a website for the Annie Appleseed Project and, in 2003, founded the organization as a nonprofit. The mission is to provide information on complementary and alternative medicine (CAM) and natural and integrative therapy. Fonfa’s work has been in presenting the available evidence to audiences who have not accessed the journals and other sources that she and her cadre of volunteers locate. The website has thousands of pages of information, has ten thousand links, and is a resource for ninety thousand visitors each month.

**Title:** Evaluating the Reliability of Information on Complementary and Alternative Medicine for Cancer Patients  
**Presentation Time:** Monday, May 24, 2010, 3:40 PM - 4:00 PM  
**Christine F. Marton,** Sessional Instructor, Faculty of Information, University of Toronto, Toronto, ON, Canada

**Objective:** The objective of this study is to evaluate the reliability of information on the web about complementary and alternative medicine (CAM) as it pertains to cancer patients.  
**Methods:** Consumer health information is available on many types of websites: government health departments, professional or practitioner associations, disease associations or societies, libraries, and commercial entities. In this study, the websites of national government health departments or agencies, practitioner associations, and nongovernmental organizations in the United States, for both CAM and cancer respectively, are examined. These CAM and cancer websites are evaluated in terms of five reliability criteria: authoritativeness, trustworthiness, comprehensiveness, conformity with current guidelines, and currency (timeliness). The reliability assessment data is tabulated and websites are ranked from highest (10) to lowest (1).
Vaccine Information: The Role of the Library in Evaluation, Communication, and Dissemination
Time: Tuesday, May 25, 2010, 2:00 PM - 3:30 PM
Location: Lincoln East, Concourse Level
Primary Sponsor: Public Health/Health Administration Section
Cosponsors: Cancer Librarians Section, Nursing and Allied Health Resources Section, Pharmacy and Drug Information Section, Veterinary Medical Libraries Section and Outreach SIG

Presentations

Title: Vaccine Update, United States, 2010: Recommendations, Concerns, and Future Directions
Presentation Time: Tuesday, May 25, 2010, 2:05 PM - 2:20 PM
Ray Strikas, Captain, National Vaccine Program Office, US Public Health Service, Washington, DC
Description: Ray Strikas will discuss current vaccine recommendations for children and adults and highlight some recent concerns about vaccines, including increasing number of vaccines given to children, the continuing (and data suggest false) concerns about vaccines causing or precipitating autism, and the lack of data for long-term follow-up comparison between vaccinated and unvaccinated children.

Title: The Health Consequences and Sociological Issues Surrounding HPV and the HPV Vaccine
Presentation Time: Tuesday, May 25, 2010, 2:20 PM - 2:35 PM
Annabelle Nunez, Assistant Librarian, Arizona Health Sciences Library; Martha Monroy, Program Coordinator, College of Medicine; University of Arizona, Tucson, AZ
Objective: The library in collaboration with the university’s women’s studies department and college of public health, the public library, a Centers for Disease Control and Prevention REACH grantee, and the county health department coordinated Spanish/English informational forums on cervical cancer, human papilloma virus (HPV), and the vaccine. A panel of experts discussed the health consequences and sociological issues surrounding HPV and the HPV vaccine. Methods: The academic forum covered current and cutting-edge medical and social science research on HPV and the controversies about the vaccine. The target audience included health researchers, practitioners and educators, feminist scholars, and college/graduate students. Following the panel discussion and presentations, the community forum participants had the opportunity to ask in-depth questions in facilitated breakout sessions with health care professionals and community health workers/promotoras. Families were targeted for these forums. The breakout sessions were split up by youth, males, and parents/adults. A few health agencies exhibited at each forum providing information. The Spanish language forum was held in a community center and the English forum in a public library in a community just outside a larger metropolitan city. This presentation will outline the planning process, outreach efforts, and collaborative aspects and funding mechanism for this partnership.

Title: Myths and Misperceptions about Vaccines and the Data Sources That Fuel Them
Presentation Time: Tuesday, May 25, 2010, 2:35 PM - 2:55 PM
Alexandra Stewart, Assistant Research Professor, Department of Health Policy, School of Public Health, George Washington University, Washington, DC
No Abstract Present.

Title: Vaccine Communication Challenges and Strategies During the 2009-2010 Influenza Season
Presentation Time: Tuesday, May 25, 2010, 2:55 PM - 3:10 PM
Kristine Sheedy, Head, Health Communications Office, Centers for Disease Control and Prevention, Atlanta, GA
No Abstract Present.
NPG’s flexible site license enables you to select the journals most important to your organization. Choose from high-quality publications from Nature Publishing Group, including Scientific American, and Palgrave Macmillan Journals to create a site license that matches your requirements and your users’ needs. CLS Members in the News

- After 22 years at Fox Chase Cancer Center, on September 29, 2009, Karen Albert began her new job as Library Director of Philadelphia University. She continues as Chair of MLA’s Scholarly Communications Committee.

- Christine Marton is a reviewer for the journal, *Evidence Based Library and Information Practice*, and an editor for the *Journal of Hospital Librarianship*.

- Mark Vrabel has been actively publishing the “Question Mark” column, which debuted with the November 2009 issue of ONS Connect (ISSN 1935-1623). [http://www.onsconnect.org/question-mark](http://www.onsconnect.org/question-mark)

- The 2009 book *Bibliometrics and Citation Analysis: From the Science Citation Index to Cybermetrics* was reviewed by Mark Vrabel in *Oncology Nursing Forum* 2009 Nov 36(6).

- In May 2009, Mark Vrabel earned the ELS (Editor in the Life Sciences) credential from the Board of Editors in the Life Sciences.

- Margaret Vugrin has been asked to serve as a media coordinator for the Cancer Nutrition Network for Texas (CNNT). CNNT has created a Cancer Care Passport, [http://www.ttuhsc.edu/cnnt/resources/cancer-care-passport](http://www.ttuhsc.edu/cnnt/resources/cancer-care-passport). CNNT would like to know what other institutions are producing of this nature. Any information (or samples) from your institution should be sent to Margaret.

CLS Election Results

In February the Cancer Librarians Section held its election for Chair-Elect, Treasurer, and Nominee to Nominating Committee. I am very pleased to announce the results!

Chair-Elect (Program Chair) – Stephanie Fulton, MSIS, AHIP

Treasurer – Margaret Vugrin, MLS, AHIP

Nominee for the Nominating Committee – Gail Y. Hendler, MLS, AHIP

Margaret Vugrin
Nominating Committee Chair
PROPOSED BYLAWS CHANGES FOR THE CANCER LIBRARIANS SECTION

Strike through (example) indicates words to be removed from current Bylaws. Italics (example) indicate words to be added to current Bylaws. Each change lists the rationale for the change.

ARTICLE III. Membership
Section 2. Rights and Privileges

A Voting members of this Section shall consist of all members, except that only Voting Members of the Medical Library Association shall be qualified to move or to vote on recommendations to the Section Council regarding MLA Policies or actions or to vote on the selection of a candidate for the MLA Nominating Committee or to vote on the selection of the Sections' Representative and Representative-Elect to the Section Council.

Rationale: Section Council voted to eliminate the elective positions of Section Council Representative and Representative-Elect. This change brings wording into conformity with MLA Model Bylaws.

ARTICLE IV. Officers
Section 1. Officers and Terms of Office

A Elective officers of the Section shall be a Chair, a Chair-Elect, an Immediate Past-Chair, a Secretary, and a Treasurer, a Representative to the Section Council, and a Representative-Elect to the Section Council.

Rationale: Section Council voted to eliminate the elective positions of Section Council Representative and Representative-Elect. This change brings wording into conformity with MLA Model Bylaws.

E The term of office of the Representative to the Section Council shall be three years, a one-year term as Representative-Elect, and a two-year term as Representative, except that if the Representative's term be made shorter by action of the Council or the Bylaws of the Medical Library Association, the term will coincide with that action. The Immediate Past-Chair and the Chair shall represent the Section on Section Council. The Immediate Past-Chair shall be the Voting Member of the Council. The term of office to the Section Council shall be two years, the first year in their role as Section Chair and the second year in their role as Section Immediate Past Chair.

Rationale: Section Council voted to eliminate the elective positions of Section Council Representative and Representative-Elect. This change reflects the changes made by Section Council and brings wording into conformity with MLA Model Bylaws.

Section 2. Duties

A The duties of the Chair shall be to preside over all meetings and to represent the Section at all times and on all occasions not in conflict with any other officer's defined duties and responsibilities, to serve as a member of Section Council, to appoint the Newsletter Editor… [no further changes to remainder of this section]

Rationale: adds additional duty as defined by Section Council. This change brings wording into conformity with MLA Model Bylaws.

C The duties of the Immediate Past-Chair shall be to represent the Section on the MLA Section Council by attending the meetings of the Council, to represent the Sections' interests during discussions, make motions, debate, and vote on Council issues on behalf of the Section, to transmit to the Council recommendations that have been approved by the Section, and to communicate Council business to the officers and membership of the Section.
The Immediate Past-Chair shall act as Chair of the Nominating Committee, which is responsible for presenting a slate of officers for the following year. The Immediate Past-Chair shall also serve as liaison to the MLA Membership Committee.

**Rationale:** adds additional duty as defined by Section Council. This change brings wording into conformity with MLA Model Bylaws.

**F.** The duties of the Representative to the Section Council shall be to represent the Section on the MLA Section Council by attending the meetings of the Council, to represent the Sections’ interests during discussions, make motions, debate, and vote on Council issues on behalf of the Section, to transmit to the Council recommendations that have been approved by the Section, and to communicate Council business to the officers and membership of the Section.

**Rationale:** The elective position of Representative to the Section Council has been eliminated by Section Council.

**G.** The duties of the Representative-Elect to the Section Council shall be to attend the meetings of the section Council, to serve a Representative whenever the Representative is unable to do so, and to assume the office of Representative and serve out the unexpired term should the Representative become unable to complete the term of office.

**Rationale:** The elective position of Representative-Elect to the Section Council has been eliminated by Section Council.

**Section 4. Vacancies**

**B.** A vacancy arising in the office of Representative to the Section Council shall be filled by the Representative-Elect, who shall cease to be Representative-Elect and shall serve out the unexpired term of the Representative.

*When the Immediate Past-Chair is unable to attend the Section Council meeting, the Section Chair may vote. When neither the Section Immediate Past-Chair nor the Section Chair is able to attend the Section Council meeting, the Section may appoint another Section officer as the proxy who will represent the Section’s interests during discussions, make motions, debate, and vote on Council issues on behalf of the Section. Appointment of a proxy must follow the guidelines developed by the Sections’ Board of Directors.*

**Rationale:** The elective positions of Representative and Representative-Elect to the Section Council have been eliminated by Section Council. The new wording reflects the changes made by Section Council and brings wording into conformity with MLA Model Bylaws.

**Section 5. Candidate for the MLA Nominating Committee**

**A.** The name of one Cancer Librarians Section member who is a Regular Voting Member of the Medical Library Association, chosen by the Nominating Committee, shall be submitted each year to the Section Council as a potential candidate for membership on the MLA Nominating Committee.

**Rationale:** adds wording to clarify that the Nominee must be a member of the Section.

**ARTICLE VII. Committees**

**Section 1. Standing Committees**

**C.** The Nominating Committee shall consist of at least a total of three (3) members, with the Section’s Immediate Past-Chair acting as Chair of this Committee. Members are appointed by the Immediate Past-Chair, with the approval of the Board of Directors. This committee shall be responsible for presenting a slate of officers for the following year. *[N.B. Neither the Chair nor the Chair-Elect shall serve on or appoint members to the Nominating Committee. Robert’s Rules of Order Newly Revised. 1990, p. 425]*

**Rationale:** brings wording into conformity with MLA Model Bylaws.
Note: There was discussion at our recent business meeting about amending the Bylaws to include some named committees. In our current bylaws, only the Nominating Committee is named (Section 1, C) in the Bylaws.

By not naming any other specific committees, this gives each Section the leeway to decide which committees they need, if any, without having to revise their bylaws every time a committee is formed or disbanded.

Section 1, A states "the Board of Directors shall establish standing committees…, recommend the name and size of each committee, and set the length of the term of appointment."

Section 1, B states "the Chair, in consultation with the Board shall designate and announce committee members and chairs in advance of the beginning of his or her term of office and when these appointments shall take effect. The Chair shall have the discretion to terminate appointments."

Finally, the Model Section Bylaws only names the Nominating Committee as a standing committee of a Section, and the wording we have in our current bylaws in Section 1, A & B, is consistent with their wording regarding any and all other Section Committees.

– Barbara Henry, Secretary
The NEJM Archive
1812 – 1944
1945 – 1989
Every issue.
Every page.
Every article.
All online.

For nearly two centuries, the New England Journal of Medicine has been publishing some of the most noteworthy and influential studies in medicine. Now you can access the entire NEJM Archive online at NEJM.org.

The NEJM Archive consists of two sections — 1812–1944 and 1945–1989, each available for one-time purchase. The Archive’s high-quality, full-text PDFs are searchable by specialty, topic and/or article type. Users will save time finding older articles. Your institution will save money and space.

For more information about the NEJM Archive, contact us at 781-434-7135 or institutionsales@nejm.org.
CLS BUSINESS MEETING MINUTES

Cancer Librarians Section Business Meeting
Honolulu, Hawaii
Sunday, May 17, 2009

Present: Karen Albert, Dan Boutchie, Frank Davis, Julia Esparza, Stephanie Fulton, Donna Gibson, Grace Gmeindl, Gail Hendler, Barbara Henry, Margaret Hsieh, Dina McKelvy, Ellie Phillipo

Meeting was called to order at 7:05 a.m. by Julie Esparza. The minutes from the 2008 business meeting were approved.

Reports

Julie distributed copies of Margaret Vugrin’s annual report to MLA.

The treasurer’s report stated we had received $1500 from sponsors which included CIG Media Group, New England Journal of Medicine, and Wiley-Blackwell.

Ann Marie Clark sent her report on the section’s website. She is keeping the site up to date as she receives information from members.

Barbara Henry will look at our current bylaws to see if we need to make changes to the portion dealing with Section Council. Section chairs and former chairs are now the Section Council representatives.

Gail Hendler reported that Melissa Just was elected to have her name submitted to the Section Council election candidates for the MLA Nominating Committee.

Frank Davis reported on the status of the recommended websites project. There is a need for more volunteers. You can add your own topic if you have a special area of interest that is not currently covered. There are three areas open for adoption: Alternative Medicine, Drugs & Biologics, and Statistics & Epidemiology. Julie suggested that we work to get something in MLA News about the recommended websites.

Frank also gave the Section Council report:

- There is a recruitment and retention wiki now available.
- A free trial membership is available to new MLA members – they may choose up to 3 Sections for a 6 month trial.
- Some Sections are not updating their websites.
- Mailing lists are not up to date for some Sections.
- Awards deadline is now March 15.
- MLA has purchased new association software. This will eventually allow individual members to manage their AHIP portfolios, change their passwords, etc.
- February 15 is the deadline to report new Section officers to MLA headquarters.
- Ruth Holst, chair-elect of Section Council, spoke about her agenda for the Council:
  - Advocacy for hospital librarians
  - Personal health records and links to the library
  - Health literacy
  - Scholarly communications
  - Care competencies
  - Face book and You Tube pages
- Carla Funk and Connie Schardt spoke to the Council about building membership, preparing new librarians, and possibility of virtual meetings and/or conferences.

Julie gave the membership report. She said we picked up two or three people at the Free Shuffle last year, and we had retained those members. There are few Cancer Librarians Section members from NCI-designated cancer centers. It was
suggested that we look at the Docline list and see who are the librarians at these centers and contact them about joining the section. She will check with MLA to see if we can charge half price to new members. A 2010 Section Shuffle is being planned. Julie asked for marketing ideas.

A question was raised about releasing our mailing list to our vendor sponsors.

**Other Business**

Julie said one of her goals is to develop a travel grant award in honor of Ann Hutchinson who did a lot of the work to form the Cancer Librarians Section. This would be a Section award, for our members only. It would not necessarily have to be used for travel to the Annual Meeting. We could possibly use the Public Health or Collection Development Sections’ awards as models.

It was also suggested that we could create an award for persons who have made contributions to the Section and/or to oncology.

Julie will put out a call for volunteers to assist in the development of these two awards.

Karen Albert asked if everyone else was experiencing difficulty in getting to the NCCN guidelines. The login is problematic. She will write a letter to send to MLA headquarters asking them to advocate for us to NCCN.

The NEJM vendors who were present at the meeting were thanked for providing breakfast.

The meeting adjourned at 8:10 a.m.

Respectfully submitted,
Barbara J. Henry, MLS, AHIP
